Bill Borthwick Student Scholarships 2018

The 2018 round of Bill Borthwick Student Scholarships is now open for applications.

The Victorian Environmental Assessment Council (VEAC) has established the annual scholarships for tertiary students to assist in the costs of research relating to public land in Victoria, including terrestrial, freshwater and marine environments.

The scholarships were announced by the then Minister in March 2011 to commemorate the 40th anniversary of the first meeting of the Land Conservation Council (LCC). They honour the vision of the Hon. Bill Borthwick, Victoria's first Minister for Conservation and Deputy Premier from 1981 to 1982, and a central figure in establishing the LCC to advise government on the use of Victoria's public land.

Applications close at 5:00 pm on Friday 2 March 2018.

Eligibility

Applicants must be enrolled in an Australian university in 2018, undertaking an Honours, Masters or PhD research project related to public land in Victoria. Relevant fields of study include natural sciences, humanities and social sciences, economics, law and politics.

Award

Generally, scholarships will be awarded in the range of \$500 to \$2,500. Criteria for selection include the relevance of the research to public land, the potential outcomes for public land, and the quality and achievability of the project (in the context of the level of the enrolled degree).

Conditions of the scholarship

- A brief report outlining the progress of the research project must be forwarded to the Executive Officer of VEAC by 30 June 2019.
- Any publications arising from the work supported by the scholarship should include an acknowledgement to that effect within the publications. A copy of the publications should be forwarded to the Executive Officer of VEAC.
- Recipients may be requested to give a presentation on their research project to VEAC.

Any queries should be directed to Executive Officer, Ms Joan Phillips on 1800 134 803 (toll free from landline) or to veac@delwp.vic.gov.au

For further information about the LCC and its successors, the Environment Conservation Council and the Victorian Environmental Assessment Council, see <http://www.veac.vic.gov.au>.
