Submission for the investigation "Central West Investigation"

Submitted on **02-09-2018**

Description:

I reject your proposal completely. I reject turning easily accessible State Parks being turned into National Parks. I reject any and all increased restrictions that go along with the proposal. All current National Parks in Victoria are grossly under-funded and extremely poorly maintained which puts lives of people and animals at risk from bushfires. Whereby increasing the size and amount of National Parks with the current pathetic funding and maintenance, IS going to increase LIVES lost due to busfires. The majority of bush users look after the bush better than the government or its departments combined.
