Submission for the investigation "Central West Investigation"

Submitted on **09-09-2018**

Information provided by the author:

Title: **Mr**

First Name: **Ron**

Last Name: **Hird**

Description:

To close these areas off from 'travellers' is ridiculous! We are almost a nomadic society, needing areas such as these for recreational purposes, allowing us to enjoy the outdoors in natural surrounds, not reliant on 'manufactured holiday places'. Our health often relies on our being able to wander through these areas, enjoying bush sounds, open air, breathing fresh air. Localities associated with them will suffer badly by us not venturing into them for fuel and foods if we're denied them.....
