Title: **Mr**

First Name: **Jason**

Last Name: **Cornish**

Organisation: **BUGU and PMAV**

Description:

This proposal is biased and will affect families, business and communities in the proposed areas. This is nothing more than a political land grab. I have a BNB near one of the proposed areas and my main clients are grey nomads travelling through the area metal detecting, usually with their dogs. What will happen to these people when you lock up the bush? They wont come to Victoria and spend their money, they will go to NSW, QLD or WA gold fields. Every person I know who usesm these areas (hunters, metal detectorists, miners, 4WD etc) are concious of environmental protection for animals and floral. Most of these people remove rubbish they come across or report anyone who dumps illegally or damages the bush. You will lose all these people who effectively act as rangers! Even the PMAV groups (there are lots of voting members) have 'Clean up the bush' days and you will lose these as well. People who use these areas add to the local economy and keep the bush clean and open for everyone. You should be disgusted with yourselves for being so narrow minded and once again hurting rural families with urban ideals. SHAME SHAME SHAME
