Submission for the investigation "Central West Investigation"

Submitted on **06-09-2018**

Information provided by the author:

Title: **Mr**

First Name: **Nicholas**

Last Name: **Hull**

Description:

I do not support the the idea of locking up more public land into parks. This would be devistating not only for the timber industry but the small businesses that rely on the prospectors, four wheel drivers, horse riders,dog walkers, bee keepers and all other people that enjoy activitys that are not aloud in national parks and bring so much money into the towns surrounding these proposed parks, not to mention the danger of more bushfires when evidence shows that the current parks are not looked after properly anyway. These proposed changes don't only infuriate me but they petrify my whole family and I.
