## Submission for the investigation "Central West Investigation"

Submitted on **01-09-2018**

Information provided by the author:

Title: **Mr**

First Name: **Cameron**

Last Name: **Coad**

Description:

I reject the VEAC proposal. As a regular law abiding citizen who visits the State Forests for recreational activities such as; camping, trail bike riding, 4WDing, family adventures and exploration, etc. I do not want these activities to have any additional rules/restrictions/regulations and fees added to them which will most likely happen once areas are re-classified to anything other than State Forests. The VEAC changes not only affect regular members of the public but they also affect local businesses who thrive on visitors attending State Forests for recreational purposes who need to top-up their fuel, feed their families, purchase supplies or visit a local shop to carry out a repair or buy a spare-part. Visiting the bush is a great way to wind down from the hustle and bustle of City/Suburbia life. Allows our children to explore the 'real world' and increases ones mental health & well-being by getting back to nature. Once again, I Reject VEAC's proposal to change our State Forests.
