Submission for the investigation "Central West Investigation"

Submitted on **10-09-2018**

Information provided by the author:

Title: **Mr**

First Name: **merv**

Last Name: **ing**

Description:

I am almost a retiree and have been a prospector for the last seven years or so although I don't live in the golden triangle I do visit there on a regular basis so I would hate to see any changes made to stop me from prospecting there and supporting the small communities that would otherwise just die if it wasn't for the hundreds of prospectors that visit the area each year I for one do not want to see any changes from the present situation there are future generations who would like to continue prospecting but if this country keeps getting locked up in national parks soon there will be no ground left to prospect
