## Submission for the investigation "Central West Investigation"

Submitted on **06-09-2018**

Information provided by the author:

Title: **Mr**

First Name: **Shane**

Last Name: **Mcilvena**

Description:

We should be able to share this beautiful land as a place of freedom and escape. If this was to happen it would dramatically increase the risk of bushfires, which is a danger to surrounding communities and the native wildlife and fauna. I am a regular user to the wombat state Forrest region. It would be such a waste to turn these areas into a national park. It is a beautiful place and should be enjoyed by all for now and into the future.
