Description:

Making state forests into national parks is not an acceptable proposition for anyone . Who is going to continue fire breaks control pests This not good for the environment at all . A long time ago our land was cultivated you can't change that now . Locking it up for Bush walkers is ridiculous Are they going to manage it also For all groups concerned this should b open Or is it only the selected Options could b A license to ride shoot collect firewood A few for continuous maintenance I'm not in favour of this motion The damage to this land was done 2hundred years ago Locking up isn't going to fix that Let the people have access to OUR land Sarah Doyle
