## Submission for the investigation "Central West Investigation"

Submitted on **16-09-2018**

Information provided by the author:

Title: **Mr**

First Name: **Stephen**

Last Name: **Eagles**

Description:

I would like to say that i am against the lockup of more areas for us to prospect and camp or 4wd. There are so many people that use the areas every weekend as for the local towns that will miss out on business from us visiting the areas. I personally suffer from severe anxiety and agrophobia as well as depression and it helps me so much to be able to visit bush areas close to home and prospect or camp. To lock up these new areas will impact myself by stopping me from doing the few activities i can do and so many others that enjoy the bush and on top of that i know i personally clean up a area that i visit and take that rubbish home to dispose of it as well as the metal and lead that i find with my metal detector. I also feel that we will have many issues with severe fire danger if the park is turned into national park with no burning off will create a build up of dead overgrowth and then its only a matter of time before some tragedy happens and we dont need another ash wednesday or black friday situation. please dont lock up our park :( :(
