Description:

Hello, I'm a user of the wombat state forest and lerderderg stage park, I love using the area as a place for myself and my family to explore and camp in different areas, 4wd and camping have been my hobbies since I got a drivers licence over 10 years ago! I'm 100% against the plans to make this are more areas in the West a national park! It's a fantastic park for family's now and in the future to explore and have a quite area to camp, not packed small paid areas that takes away from the camping experience and for something that's note that far from the city, it works for all types of demographics! Please keep the state forest as it is!
