## Submission for the investigation "Central West Investigation"

Submitted on **01-09-2018**

Title: **Mr**

Description:

I absolutely REJECT the recommendations of this report. There is no reason to change the status of these areas to NP. Our state Forrest's allow for so many multi use activities and properly managed these areas can absolutely continue to be enjoyed buy families and bush users alike (prospectors, hunters, 4wheel drive/motorcycle users firewood collection) To take the lock it up and leave it approach if declaring it a National Park would be a massive injustice and insult to the bush users who for decades have enjoyed and liked after Our State Forests. Regards Brett.
