Title: **Mrs**

First Name: **Bojana**

Last Name: **Nikolic**

Description:

Dear Sir/Madam, We are family of 5: dad, mum, boy, girl and a dog, frequently camping in State Forests around Victoria. After reading VEAC report we are very sad to see that we won't be able to enjoy some camp sites as enormous portion of State Forests will be converted into National Parks. Whatever reason for this act is, it can be regulated under current status, e.g. if you want to regulate commercial logging, then regulation can be made within State forests. If you want to regulate pollution, or protection of some rare species, I can assure you that our dog produces many times less harming scent than any bbq, camp fire, car petrol, etc.. This act will prevent our family to fully enjoy the Nature, which was given to us, all living beings. We are citizens, tax payers and voters, and we are strongly opposing creation of more National Parks. Nikolic Family, Melbourne, Vic
