Submission for the investigation "Central West Investigation"

Description:

I write with regards to the current central west investigation regarding forest use at Wombat, Wellsford, Mount Cole and Pyrenees Range forests. I would also like to make mention of my local forest, the Cobaws, near Lancefield. I am a recreational forest user, regularly riding my horse and camping in all of the above mentioned forests, and most regularly the Cobaws. We use all forked tracks in the forest and like to explore different areas each time we ride. As with all bush users I come across in my travels, everyone is respectful of each other and the forests, as we are all out there doing what we love. To lose access to any parts of the above- mentioned forests would be detrimental to me and many of my like-minded friends who enjoy the bush with me and our horses. Please don't limit any access for us. Thank you.
