Submission for the investigation "Central West Investigation"

Description:

I strongly object to the formation of more state and national parks in Central Victoria's Goldfields with its ridiculous restrictions. These parks will deprive thousands of 4x4 enthusiasts, Shooters, Prospectors, etc from Victoria from their pastimes and hobbies. It will also reduce the tourist numbers to those areas when people such as myself no longer have a reason to visit. With it's heritage literally built upon the Goldfields It was mined from it is an absolute disgrace that the City-Greens wish to close what should be a free and open country. They should have no say whatsoever on lands which they do not live and likely never see. Tourists and Community groups will not visit where there is no access. Plain and Simple.
