Submission for the investigation "Central West Investigation"

Submitted on **29-09-2018**

Information provided by the author:

Title: **Mr**

First Name: **Stuart**

Last Name: **Shuttleworth**

Description:

The state forests I currently use for my Hobbies of four wheel driving and gold prospecting are an Australian way of life and remaining open in their current form is a must for all bush users. The importance of small communities that depend on bush users buying fuel and supplies cannot be overstated and shutting down or restricting these area's will turn them into ghost towns.
