## Submission for the investigation "Central West Investigation"

Submitted on **02-10-2018**

Information provided by the author:

Title: **Mrs**

First Name: **Mary**

Last Name: **Carolan**

Description:

I live on a property bordering a small section of Wombat State Forest. This is accessible from Lakers Road, Trentham and curves around to Coliban Road. We have not been contacted or in anyway informed of what is going on and some of your maps leave us out. One shows a proposed nature reserve and another no change. I believe it is the area E71. Could you kindly make contact with myself and the other property owners of this area and tell us what on earth is going on. I dont know which property owners were involved in consultation but no one I know in Trentham has any idea of any of these proposals or who was consulted.
