Submission for the investigation "Central West Investigation"

Submitted on **06-10-2018**

Information provided by the author:

Title: **Mr**

First Name: **Darren**

Last Name: **McClelland**

Description:

While I am opposed to any logging of native forests due to its impacts on species and climate change, I particularly wish to focus on the impacts of the plans for logging at Mount Cole State Forest. I am a bushwalking leader for two clubs. The Beeripmo walk in Mount Cole is one of the favourite overnight walks in Victoria and is often used by club leaders to provide novice pack walkers with an introduction to pack walking. Any logging within the near vicinity of this walk will detract from walkers' enjoyment and possibly jeopardise the viability of this walk.
