## Submission for the investigation "Central West Investigation"

Submitted on **05-10-2018**

Information provided by the author:

Title: **Mr**

First Name: **Douglas**

Last Name: **Needham**

Description:

Dear Council I wish to state my objections to the Draft Proposals for the creation of a substantial new National Park ,on the southern flanks, of the Pyrenees Ranges (A2). As this National Park reserve, will generally prohibit/exclude , the vast majority of existing public land users - and forever alienate a number of substantial & productive, Goldfield regions ; Avoca & Landsbrough .(Not at all, the "insignificant ' minor areas, as falsely stated, in the draft report) I feel the VEAC draft plan, represents a deeply flawed & socially regressive proposal , and on those grounds,I believe (A2) proposal, should rationally ,under democratic principles , be rejected .( An extensive area , Just to the north of (A2) is already represented as the "Kara Kara" National Park ) for exclusive protection . So there is already an acceptable representation within this region for the NP, type of reserve. Regards .
