

VEAC SUBMISSION

First Name	Michael
Last Name	Ortiz
Phone	
Email Address	
Submission	Totally unfair whats happening to our parks, It should be for all to enjoy with what ever hobby they choose, bush walking, motorbike riding, prospecting etc. It will break small towns and their community, I get a way twice a month to the VIC goldfields to prospect for gold, I sometimes take the family and even the dog. If these were to be turned to National Parks I cease going and the smaller communities will suffer along with the businesses I buy equipment from. Turning into a National Park will not stop the minority of idiots dumping rubbish. Install Trail Cams so everybody is watched and they have second thoughts about neglecting our forests.
Locale	AU
