I'm writing to you as a tax payer, father, lover of the bush, camper and horse rider. Please don't lock us out. The bush belongs to all of us. I don't understand how locking us out nurtures any sort of motivation to care about what happens to them if we are not able to experience it for ourselves and share that with our kids. Blackberries and pests and instilling in all of a deep love of what these beautiful public spaces offer need to be everyone's focus. They need to be available to everyone to enjoy as they choose. Sure monitor it but closing the door on us all is not the answer.

Regards
