Submission for the investigation "Central West Investigation"Submitted on **21-10-2018**

Information provided by the author:

Title: **Mrs**First Name: **Raylene**Last Name: **Sambrooks**Organisation: **Equineway Horse Company**

Description:

I do not approve of the proposal to ban horses and dogs in the Wellsford Forest. As part of my business, training horses, breaking them in and conducting lessons I access the land regularly, working them in a natural environment. I purchased my property so that I could use the area of land to ride the horses on a daily basis. The use of 4WD and motorbikes in the forest will destroy the earth, chewing up the dirt and create diverts in the ground and also disrupt the serenity of the area. The proposal to ban horses impacts the way I conduct my business, working the horses and riding with my clients in the bush allowing them to get a proper connection with the horse in a natural environment. I am currently in the process of providing Horses for Therapy for disabled patients in the Bendigo area, without allowing access to the forest for my horses I will be unable to provide this service.
