Submission for the investigation "Central West Investigation"

Submitted on **21-10-2018**

Information provided by the author:

Title: **Mrs**

First Name: **Leah**

Last Name: **Hynes**

Description:

Riding not permitted in the Cowbaws As horse riders we need room to ride, not a few kilometres here and there, real kilometres. Cutting off areas, limiting access, is so detrimental to the well being of so many people. A high percentage of riders are woman and children needing a safe environment. Kids in the bush is much better than kids indoors on devices. Horses do not spread weed. Their primary diet is grass. If manure is a problem then make riders remove it the same way dog owners do.
