## Submission for the investigation "Central West Investigation"

Description:

Dear VEAC, I strongly oppose the Central West Investigation's proposal that will restrict camping and dog access in the Wombat and Lerderderg State Forest. My family and I regularly camp in the Lerderderg Forest with our dogs. We are always respectful of - and make efforts to cause zero harm to - the environment here. Feral foxes and cats are the animals destroying the ecosystem, not people's pets. I believe this restriction of public land to be unacceptable, unfair and pointless. Please allow us to continue to enjoy and respect this public land.  
Thank you
