Description:

It is disgusting that you are attempting to convert Wombat State forest and surrounding areas into National Parks. My family and friends use these forests for camping, bush walking activities with our pets, riding mountain bikes and dirt bikes. We LOVE and RESPECT OUR BUSH! I have on many occasions picked up trash from the bush, cleared tracks from fallen trees etc.. This is OUR land for all to use, not to be converted to under managed national parks. If this stupid plan succeeds, all it will do is drive more and more illegal activity. Let people get out and enjoy our native bush lands with their families/pets and hobbies. You 'desk jokey' type of people are making these stupid reckless decisions without understanding the societal damage this creates. If people in surrounding areas cant use the bush to enjoy with their friends/pets and vehicles, this will simply roll out in our suburbs and streets. We pay a LOT of money for registration of our vehicles and dirt bikes, let us use them!!! This MADNESS MUST STOP NOW!! Very disappointed and frustrated! Cristian
