## Submission for the investigation "Central West Investigation"

Submitted on **05-11-2018**

Information provided by the author:

Title: **Mr**

First Name: **David**

Last Name: **Rigbye**

Description:

This is total and utter crap, why have a minority group got the right to close of the Bush to all us Australians. I was bought up camping, fishing and hunting learning skills to help with the environment and sustain and respect all living things. I only take what I need and consider it as my right to enjoy this whole country. No wonder everyone calls Victoria the nanny state when we have the pencil pushers that hardly ever get out the Bush trying to do things like this. I have thought my son about the Bush as well and will teach my grandkids the same. Ok it is time we all stood up and threw these fools out of our government and put people with some brains in there.
