Submission for the investigation "Central West Investigation"

Description:

Please reconsider the plan to ban Horses and dogs into the Wellsford Forest. The impact would be almost zero compared to cars and 4x4s. The local community need to be able to enjoy the forest and live in is area to be able to enjoy it. There is no where else to ride that is safe and horses and riders respect the Bush. Please reconsider. It makes no sense at all. I have doubts that anyone could find evidence of damage to the forest from horses being in there in the past. Why take this away from the people who love being in the forest? They care about it. Thank you for listening and considering our plea.
