## Submission for the investigation "Central West Investigation"

Submitted on **11-11-2018**

Information provided by the author:

Title: **Mr**

First Name: **Chris**

Last Name: **Jewell**

Description:

Do not close our Forrests. We collect fire wood ride our bike and drive our cars there. We are the ones who hunt pest animals foxes, cats that kill our native species and deer which we eat allowing more food for our native animals, we keep the bushfire fuel down by taking away fallen trees for fire wood we clear 4wd tracks so if required emergency services can get to certain areas. If these areas are closed then they are doomed to be over run grown and over populated, basically destroying them anyway.
