Submission for the investigation "Central West Investigation"

Submitted on **15-11-2018**

Information provided by the author:

Title: **Mr**

First Name: **Brent**

Last Name: **Watt**

Description:

Please leave the wombat state Forrest as it is. If you want to see tracked closed and infestation of vermin and noxious weeds just take a look at how this has played out in the Warby Ovens National Park. This was once a vibrant state Forrest that is now filled with noxious weeds and vermin. Coupled with the increase of wild fires that have gone through the area in the last 15-20 years. Leave Wombat State Forrest ALONE
