Submission for the investigation "Central West Investigation"

Submitted on **15-11-2018**

Information provided by the author:

Title: **Mr**

First Name: **Dean**

Last Name: **Richards**

Description:

I make submission regarding closer and or restrictions to the access to State Forests and crown Land areas in Victoria. I am metal detectorists that frequent the goldfields in central Victoria. This is my hobby and will be extremely annoyed if these proposed closures or restrictions take place I believe that fossickers are important to the survival of small country areas as we often spend money in the local district at local shops, Petrol Stations, Motels, Caravan Parks, Restaurants, Hotels and Detecting / prospecting suppliers and Prospecting trainers to name a few. We are also an asset to the community as we are constantly clearing fallen trees from tracks and therefore eliminating potential fire hazards, clearing rubbish away and being the eyes and ears in the bush or bush users.
