Description:

I am opposed to making more national parks. I travel about 3 to 4 hours one way on average once every two weeks to the green triangle to go prospecting. I will usually spend 2 days which involves a nights accomodation plus meals, fuel etc. Turning some state pars into national parks will exclude me from doing what I love and inherently stop me from coming to the golden triangle at all. This will result in the loss of around \$300 to \$400 dollars a fortnight to the Victorian state economy I am also concerned at how these new parks will be managed considering we keep seeing budget cuts and the increase in feral animal populations. I do hope you take these points into consideration before handing down a decision to exclude me from vic parks.
