Submission for the investigation "Central West Investigation"

Submitted on **29-11-2018**

Information provided by the author:

Title: **Mr**

First Name: **Gabriel**

Last Name: **Toniolo**

Description:

I am concerned that the areas under investigation involve small parcels of land that have been used for many years as launch and landing sites for Hang Gliding and Paragliding as sports recreation yet these seem to be ignored in the current papers. Typically these require relatively small parcels of land in strategic locations and at times may require vegetation management and maintenance. I believe it is incumbent that the investigation include the interests of the sports aviation community, in particular the Hang Gliding and paragliding community. This should be done through the local Club for that area the "West Victorian Hang Gliding Club" (WVHGC) and the State body for the sport "Victorian Hang Gliding and Paragliding Association" (VHPA).
