Submission for the investigation "Central West Investigation"

Submitted on **06-12-2018**

Information provided by the author:

Title: **Mr**

First Name: **Michael**

Last Name: **Eisenhuth**

Description:

You/we cannot keep closing the areas out to public use, is this still a free country ? Look, our immigration numbers are only growing, where is the population going to play if these places are closed? yes they need management to a certain degree but not closing and any transgression of the rules would be very costly to the perpetrator. These areas need to be accessible by all the public who wish to enjoy this beautiful country we enjoy.
