Submission for the investigation "Central West Investigation"

Description:

I am against the current proposal of the wells ford forest. Veac have said the forest is in really good condition so I don't think it needs to lock people out to look after it. As a horse rider, it would be disappointing to not be able to persue this leisure activity easily out our front gate. Horses and horse riders do less damage to the forest than a 4wd. I believe majority of people want to keep the forest healthy, especially regular users such as horse riders. There must be a way to let this healthy social activity remain legal in the wells ford forest.
