## Submission for the investigation "Central West Investigation"

Submitted on **09-12-2018**

Last Name: **Robinson**

Description:

I fully support wombat state forest remaining a state forest. I totally oppose changing the current format into a national park. I own a small business in Bacchus marsh and many of my customers use wombat of a regular basis. Motorbike riders, 4wd enthusiasts, horse riders, prospectors, firewood collectors and hunters. Without these customers our business would suffer. We are also situated very close to werribee gorge state park and Brisbane ranges National Park. We do get customers that are hikers and bush walkers however generally they only come to use our toilets. I believe the bush is for everyone, on a sustainable and managed basis. Thanks for your time.
