Description:

In regards to the proposed forest sites being turned into a park where no recreation of prospecting and other forms of outdoor use is considered I strongly oppose such an idea. Our bush is our legacy to future generations to find gold m, enjoy the bush in 4wds etc shutting down such a magnificent place will decrease money spent in little community townships. My thoughts on such a matter is total disgust of how we can even consider shutting down a magical place. I hope the government reconsiders such a proposal. Strongly opposing this injustice.
