Numbers in brackets are those assigned to each EVC in the NRE Flora Branch Statewide EVC list.EVC modelling shown was carried out in several projects associated with the Regional Forest Agreement process, and for Coultourn - Broken Catchment Management Authority. Parts of this map have been published previously in CRA reports for North East and West RFA.There have been several changes in EVC terminology, and some units previously classed as EVCs are now communities within a broader EVC. Refer to Chapter 4.1 and Appendices 2 and 6 for further information.Several EVCs are too small to be shown on a map of this scale.Public land is shown by an outline only.
